Welcome to Red

Thank you for your interest in Red Casino Events. I started Red Event Photography in 2016, providing photo booths and magic mirrors to events in and around Peterborough.

As an experienced event manager (and occasional visitor to casinos) I identified a gap in the market for a premium supplier of fun casino parties in the area. Our mission is to provide a more glamorous and professional experience than the other operators on the market.

Over the past three years we have honed our skills and increased the number of games we can deliver. Our stock of equipment allows us to offer not only the classic blackjack and roulette casino games, but also poker, punto banco and our exciting money wheel. We also have photo booths and virtual reality video games, to provide a wide range of experiences for our customers. We are fully insured, and all of our electrical equipment is PAT tested.

After a number of years affected by the pandemic, we have big plans for 2023 as we look to increase our marketing activity and staffing levels, with a view to expanding the number and size of events we deliver.

Paul Taylor
Managing Director, Red Casino Events

What we do

At Red Casino Events we aim to entertain guests by creating premium casino parties for a wide range of events, including weddings, balls, corporate nights and all kinds of parties.

We use high quality equipment to create an authentic experience, using full sized roulette wheels and luxurious blackjack tables. In addition to these staple games of any casino party, we also offer some less common games for the real connoisseurs, including three card poker, punto banco and the impressive money wheel. We are also able to offer the popular Texas Hold 'Em poker game and other party attractions, including a high quality photobooth and virtual reality video games.

While we offer some standard packages, we appreciate that all events are different. Our typical event has two casino tables and a photo booth, however we are able to run large scale casino parties of up to 15 tables. We offer a bespoke service for all our customers, including prop hire and set dressing.

For a full rundown of the services we offer, please visit www.redfuncasino.co.uk

Our casino tables

Red Casino Events has a range of equipment allowing clients to build an event that works for them. Our high levels of attention to detail and a quest to provide an authentic experience creates a premium experience and our equipment includes:

Blackjack

Full sized blackjack tables with choice of seated or standing configurations

Roulette

Matching (burgundy) tables with full-sized, ex-casino, John Huxley wheels

Money Wheel

Imposing casino style money wheel with burgundy layout

Punto Banco

James Bond's favourite game. Ideal for your 007 themed party.

Three Card Poker

Popular new casino game is easy to learn and enjoyable to play

Texas Hold 'Em Poker

Six and 10 seater poker tables available with dealers or for self deal

*Standard table games are blackjack, roulette and Texas Hold 'Em poker.

** Prices quoted are for self-deal poker table. A poker dealer is available at an additional £40 per hour.

The Red difference

At Red Casino Events we believe in providing a premium service.

Our casino tables are all presented to a high standard with matching burgundy cloth, casino grade cards, chips and full sized roulette wheels.

Our staff are all trained in the games they deal, and most are experienced dealers from actual casinos. Our staff are all employed for their strong interpersonal skills, as well as their ability to deal the games, and are well presented in their smart uniforms.

By employing us for your event, you can be guaranteed to give your guests an experience full of glamour and style. Whether you want a straightforward two table casino party, or a full scale charity casino night with all the details, nothing is too much trouble for us at Red.

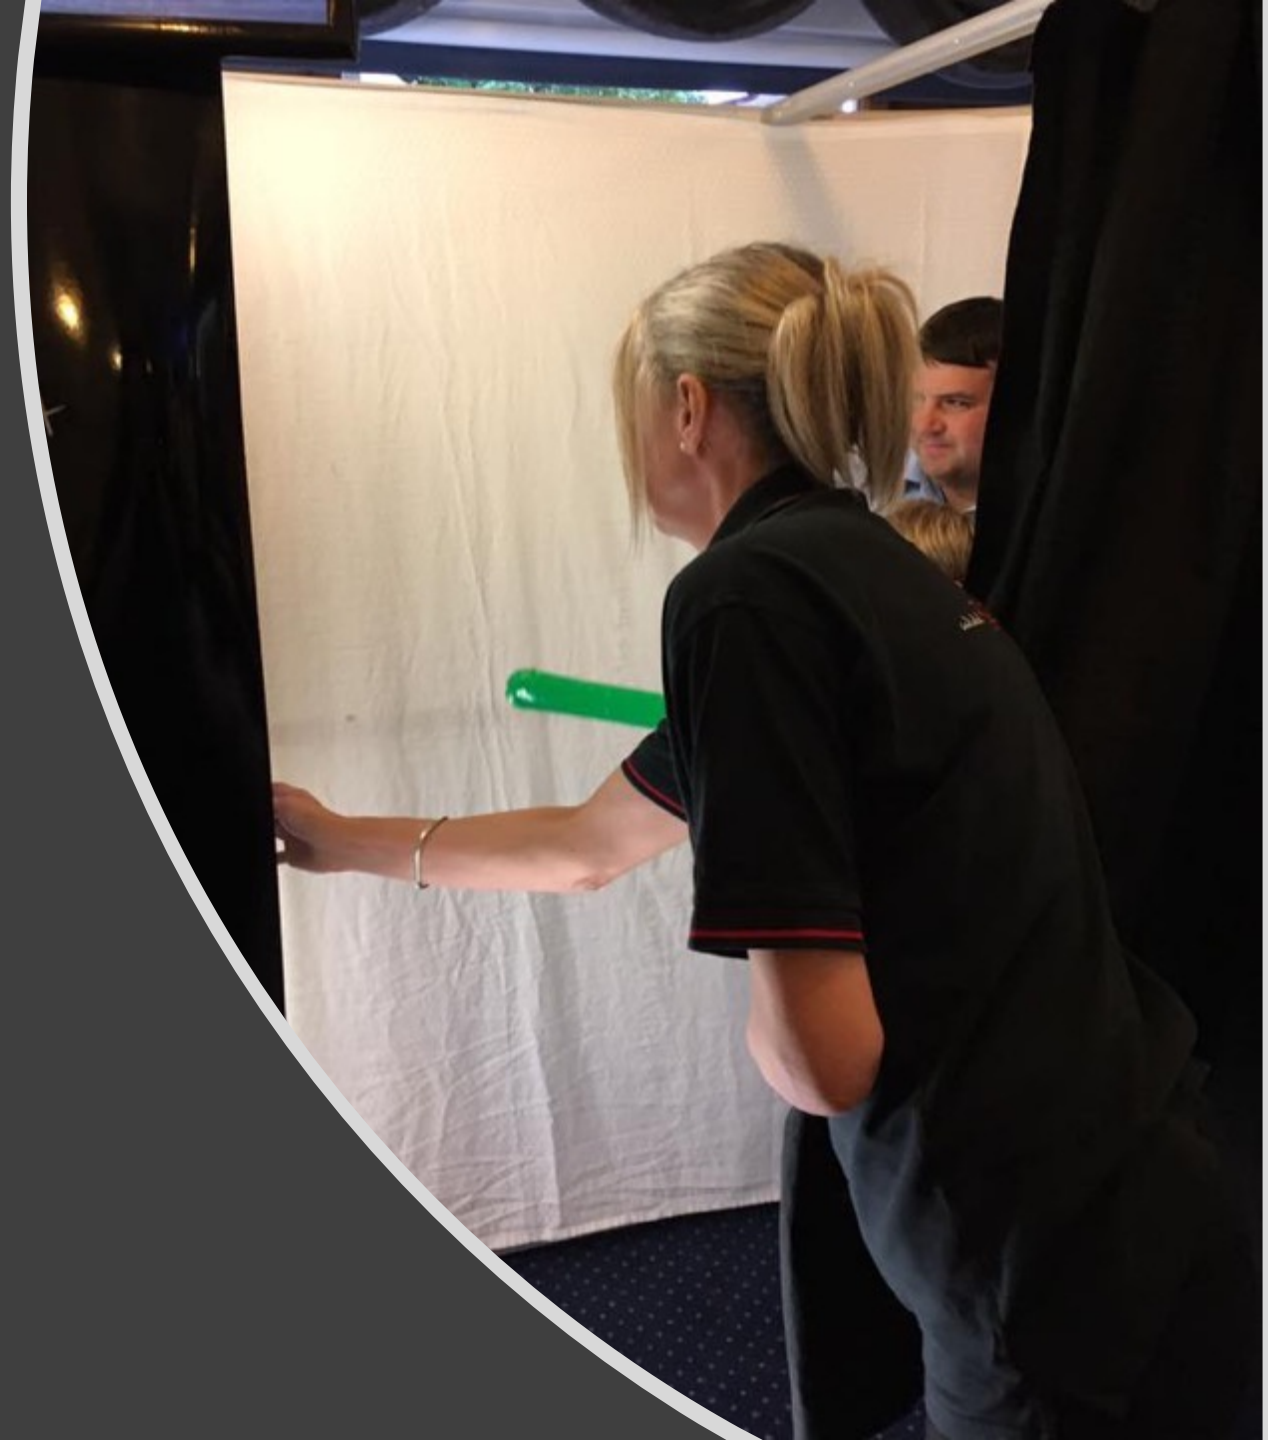

Photo booth

In addition to our fun casino tables, we have a full sized photo booth available for hire.

This fully enclosed oval booth uses industry standard software and provides users with instant prints on the night. These prints can be fully customised to include the event name, or the venue logo. We also provide a wide selection of fun props and a staff member will be on hand to show guests how to use the equipment, and to ensure the printer is adequately stocked with paper.

As well as the photo booth, we also have a top end gaming PC with virtual reality (VR) capability. This can be hired and set up to run the latest VR games, or used as a driving simulator running Project Cars 2.
